

Health and Wellbeing Statement

Responsible Director: Care and Support Director

Published: May 2017

Next update: April 2020

Everything we do reflects the following national strategic drivers:

'We create great places to live and work, and give more power to local people to shape what happens in their area' (Department for Communities and Local Government)

'We make sure people have the support and care they need, with the compassion, respect and dignity they deserve' (Department of Health)

We contribute to:

- Understanding and dealing with the causes of poverty rather than its symptoms
- Encouraging people to work and making work pay
- Encouraging disabled people and those with ill health to work and be independent

(Department for Work and Pensions)

We help people live better for longer by providing: **'More Homes, Great Services, Better Lives'** (NCHA Mission Statement)

We are proud to make a difference.

'We passionately believe that housing, care and support, training and employment are a public good, and by delivering our corporate plan we will make a real and lasting difference to even more people's lives'
(NCHA Corporate Plan 2017 - 2022)

'Underpinning everything we do is a commitment to equality and diversity, value for money, social responsibility, adding social value and delivering our core values.'
(NCHA Corporate Plan 2017 - 2022)

We recognise that good health is a key enabler to good business and contributes enormously to an individual's sense of health and wellbeing. At NCHA we recognise that we have a unique opportunity to contribute to the wider health and wellbeing of the communities we serve.

We focus on 3 priorities;

- Healthy Homes and Communities
- Healthy Workforce
- Healthy Lifestyles

All our strategic and operational business strategies reflect these priorities and each department agrees action and sets appropriate annual delivery targets to extend the impact of our work in supporting the development of health and wellbeing for tenants, service users, staff and within local communities.
