Policy Statement

We aim to give our customers the best service we can but know that sometimes things can go wrong. Our overall aim is to put things right and use the learning from all complaints to help improve our services.

We have adopted the following definition of a complaint as *'an expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the organisation, its own staff, or those acting on its behalf, affecting an individual resident or group of residents'*.

Complaints can be raised by anyone in section 1.2 of the policy about their home or the services that we or our contractors have provided. We also recognise complaints can come in many forms without the term 'complaint' being used such as from our customer surveys or you believe we have not met our service standards.

Anyone who raises a complaint or a complaint on behalf of someone else can expect us to:

- Treat individuals with dignity, respect and courtesy.
- Be objective and impartial.
- Listen to individuals and not make assumptions.
- Not let the complaint affect our future relationship with individuals.
- Manage complaints in an open and transparent way.
- Be honest and say sorry when we get things wrong and let individuals know how we plan to put things right.
- Provide a written explanation if we decide not to accept a complaint.
- Provide contact details for other organisations who can help at any time during the complaint or if you are unhappy with the complaint decision.

We will ensure our complaints process is accessible and we will support any individual who needs help to make a complaint. We will also provide information in alternative formats and signpost to advocacy services. Information about the complaints policy will also be provided as part of any new tenancy, licence or at the start of any care and support in a format to suit individual communication needs.

All complaints that relate to a third party are investigated in line with this policy. We will work with the third party to obtain information and agreement on a resolution. We do not delegate complaint responsibility to any third parties and remain directly responsible for complaints in line with this policy.

Our complaints policy has 2 stages comprising of a thorough investigation (stage 1) and a review (stage 2). If you are dissatisfied with the outcome of your complaint at stage 1, we will provide details of how to request a stage 2 review along with other organisations who can be contacted. At each stage we will provide the outcome of your complaint, when the answer to the complaint is known, not when the outstanding actions required to address the issue are completed. Outstanding actions will still be tracked and actioned promptly with appropriate updates provided.

Enquiries from the Ombudsman, Members of Parliament, Councillors, CQC, Ofsted and other statutory bodies will be progressed in line with this policy and logged on our systems.

3. Policy details and guidance

3.1 What is a complaint?

3.1.1 We define a complaint as *'an expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the organisation, its own staff, or those acting on its behalf, affecting an individual resident or group of residents'* (Housing Ombudsman).

3.1.2 Complaints can be raised by anyone in section 1.2 of the policy about their home or the services that we or our contractors have provided. We also recognise complaints can come in many forms without the term 'complaint' being used such as from our customer surveys.

3.1.3 The following issues are not classed as complaints:

- Requesting a service from us for the first time, for example reporting a repair would go through the usual repairs reporting process.
- Requests for information about our services.
- Reporting a problem with a neighbour or another resident which is covered by our Anti-Social Behaviour Policy or the Care and Support Service User Grievance Policy. Exceptions to this will be where the report includes a complaint about our response to the report.

We will write to the complainant to confirm where we will not consider a complaint for these issues and explain our reasons.

3.1.4 We aim to provide a complaints service that is accessible to all customers and all complaints will be considered unless:

- The issue(s) being complained about took place over 12 months before.
- The same issue from the same complainant has been investigated and closed.
- The issue is part of any legal proceedings or where the same issue is part of a case that has been referred to court.
- We have evidence that the complaint is based on false information.
- We have acted where regulatory, policy or legislative restrictions apply.
- A customer's actions are considered to be unreasonable and we reserve the right to restrict, change access or take further action.
- A customer makes what we consider to be unreasonable demands that impact substantially on our services due to the amount of information being requested or provided, the nature and scale of the service they expect, or the frequency or number of approaches made including for example:
 - asking for a response within an unreasonable timescale
 - insisting on communicating with a particular colleague
 - continual telephone calls, emails or letters
 - repeatedly changing the issues raised in a complaint or raising unrelated concerns
 - refusal to co-operate with the complaint investigation process whilst still requesting the complaint is resolved
 - persistent refusal to accept a decision or explanations about what we can or cannot do

- continuing to pursue a complaint without presenting any new information

We will write to the complainant to confirm where a complaint will not be considered for these issues and explain our reasons.

3.2 How to make a complaint and support available

3.2.1 Complaints can be made in a range of ways:

- In writing via letter or using our 'We're Listening' card to Clifton Place, 9 Fairham Brook Drive, Clifton, Nottingham, NG11 8PY.

3.3 How we manage complaints

3.3.1 When a customer contacts us with a request to put something right, we will offer to resolve this when we are first contacted which will be recorded as a first contact resolution. If this is not possible, we will log a complaint and we will:

- Write to acknowledge the complaint within 5 working days. This will include our understanding of the complaint and the outcomes being sought. The acknowledgement will also outline which aspects of the complaint we are, and are not responsible for, and clarify any areas where this is not clear.
- Ensure issues that cannot wait until the complaint is investigated will be dealt with alongside the complaint investigation.

- Manage expectations from the outset and be clear where the desired outcome is unreasonable or unrealistic.

3.3.2 There are two stages in our complaints policy:

- Stage 1 is a thorough investigation by a Customer Resolution Agent.
- Stage 2 is a review by a Senior Manager of the stage 1 decision upon request.

3.3.3 Stage 1:

The Customer Resolution Agent will complete a thorough investigation of the complaint which will be confidential, objective and impartial. The Customer Resolution Agent will:

- Consider what has happened, what should have happened, what lessons have been learned and what needs to change.
- Make contact from the outset to discuss the concerns and make further contact if more information is needed.
- Provide updates with the progress of the complaint investigation and agree the preferred way to communicate.
- Give the opportunity to outline the position and comment on any findings before a final decision is made.
- Any new issues raised will be incorporated into the current investigation if the outcome has not been issued and these are related to the current complaint. If the new issue(s) cannot be incorporated into the current complaint the customer will be informed and a new complaint will be logged.
- Provide a full response within 10 working days from the date of acknowledgement with an outcome, the complaint stage, the complaint definition, the reasons for the decisions, details of what action we plan to take, the details of any remedy offered to put things right, any outstanding actions, and how to escalate the complaint and how to get further help, including details on contacting the Ombudsman.
- Make contact if we cannot give a full response within 10 working days to make an agreement to extend the time by a further 10 working days and confirm this in writing. We will provide the contact details of the relevant Ombudsman if an agreement to extend cannot be reached.
- Ensure that any actions as a result of the complaint resolution are monitored through to completion.
- Process any compensation payments in line with our policies and procedures.
- Respond to all Ombudsman enquiries within their timescales.

3.3.4 Stage 2: (does not apply to Ombudsmen, Member of Parliament and Councillor enquiries)

- Complainants can request a review of the complaint if they are unhappy with the stage 1 decision and outcome. The Customer Resolution Agent who handled the Stage 1 complaint will acknowledge the complaint review request within 5 working days which will include our understanding of the reasons for review and the outcome being sought. The acknowledgement will also outline which aspects of the complaint we are, and are not responsible for, and clarify any areas where this is not clear.

All stage 2 reviews are carried out by a Senior Manager who will:

- Provide a full response within 20 working days from the date of acknowledgement with an outcome, the complaint stage, the complaint definition, the reasons for the decisions, details

of what action we plan to take, the details of any remedy offered to put things right, any outstanding actions, and how to escalate the complaint and how to get further help, including details on contacting the Ombudsman.

- Make contact if we cannot give a full response within 20 working days to make an agreement to extend the time by a further 10 working days and confirm this in writing. We will provide the contact details of the relevant Ombudsman if an agreement to extend cannot be reached.
- A review of all Stage 2 outcomes, prior to concluding the outcome will take place with the relevant Assistant Director or Head of Customer Experience, the Customer Resolution Manager and the investigating senior manager.

Following the stage 2 review, the Customer Resolution Team Manager will:

- Ensure that any actions as a result of the complaint resolution are monitored through to completion.
- Process any compensation payments in line with our policies and procedures.

3.3.5 We will not unreasonably refuse a stage 2 review request and if we do refuse, we will explain why in writing and who the complainant can contact if they do not agree with this decision. Reasons for not agreeing to a review can include:

- The request is over 20 days from the date of the complaint investigation outcome without a reasonable explanation.

3.4 Putting things right

3.4.1 At both stage 1 and stage 2 of the complaint, we can offer resolutions where the complaint is partially or fully upheld. We will consider the following factors when offering a resolution:

- The severity of any service failure or omission and the level of detriment caused as a result.
- The length of time that a situation has been ongoing.
- The frequency with which something has occurred.
- The number of different failures.
- The cumulative impact on the complainant.
- The complainant's particular circumstances or vulnerabilities.

3.4.2 We will manage the expectations of the complainant and will not make promises we cannot deliver or would cause unfairness to other customers.

3.4.3 Compensation and/or disturbance payments can also be considered as a resolution and we will follow our compensation and disturbance policies for resolutions that fall within their scope.

3.4.4 In some cases a complainant may have a legal entitlement to redress. The Customer Resolution Agent, Customer Resolution Team Manager or the Senior Manager can still offer a resolution where possible following legal advice regarding any offer of resolution.

3.5 Learning from complaints

3.5.1 All concluded complaints will have lessons learnt identified. The relevant Head of Service is responsible for ensuring any improvements to service are identified and implemented.

- 3.5.2 The Head of Customer Experience will include lessons learnt and progress against identified service improvements within the reporting outlined in section 5.3. The Head of Customer Experience will also ensure these are published.

- 3.6.2 A review of all Ombudsman enquiries, prior to submission will take place with the relevant Assistant Director, Head of Customer Experience and the Customer Resolution Manager.
- 3.6.3 Ombudsman findings (excluding maladministration findings) will be reviewed by the Customer Resolution Manager, who will instruct the relevant managers to implement any orders. The Customer Resolution Manager will respond to the Ombudsman within their timescales.
- 3.6.4 All maladministration judgements will be reviewed by the Customer Resolution Manager and Head of Customer Experience, who will instruct the relevant managers to implement any orders. The Head of Customer Experience will consider the appeal prospects and will produce a report for the Customer Committee and NCHA Board.
