## Who are we?

Ashiana provides independent living accommodation for people aged over 55 years old. It is a warm, inclusive community designed with your independence in mind. While Ashiana was originally created to meet the cultural needs of Asian elders, it is now open to people from all backgrounds who value community focused living.

Many people find having the support of a scheme manager helps them to identify and overcome difficulties. These difficulties may prevent them from improving or building independent lives.

We'll help you to plan the support you need to live independently. You'll be signposted to the appropriate services for welfare and benefit advice to gain confidence in accessing different support channels set up by the government. As well as helping to overcome existing difficulties, this often prevents new problems developing.

## We'll help you with:

- Gaining more independent living
- Gaining advice in claiming welfare benefits
- Making decisions for yourself
- Having a say about any changes relating to the service or the scheme.

## We offer
